# 8 killed in Makati blast

**Explosion**  
at Glorietta  
mall injures  
119 others

By Brady Kane, Philippine Daily Inquirer

A POWERFUL BOMBING killed eight people and wounded more than a hundred others at Makati's Glorietta mall Thursday afternoon, beginning what many in a country reeling from political instability and fresh challenges in President Arroyo's first term.

The blast, which took place at about 1:30 p.m., was the deadliest in the Philippines since the 1990. It was the first time in the country's history that a shopping mall was the target of a bombing.

## SSC halts Adamson volleys streak

By Joseph L. Alvarez

Adamson University's volleyball team, which had won 11 straight games, was halted by the San Sebastian College (SSC) Red Warriors in a 3-2 victory on Tuesday night.

The Red Warriors, who were ranked No. 1 in the country, defeated the Adamson team in a closely contested match. Adamson's lead was short-lived as SSC's defense proved too strong.

Adamson's setter, who had been the key player in their winning streak, was unable to find the right rhythm against SSC's blockers. The Red Warriors' libero played a crucial role in saving several points.

## Putin attacks US, announces new A-bomb

**MOSCOW** Russian President Vladimir Putin has attacked the United States, saying it is the "biggest threat to world peace" and has announced the development of a new nuclear warhead.

Putin said the United States is "the main source of global instability" and that it is "the biggest threat to world peace."

He also announced that Russia is developing a new nuclear warhead, which he said would be "smaller, more accurate and more powerful" than the current Russian nuclear arsenal.

Putin said the new warhead would be "able to destroy a city of 100,000 people."

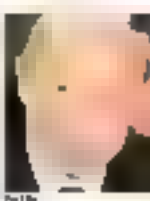

He also said that Russia is "not interested in a nuclear arms race" and that it is "willing to negotiate with the United States on nuclear disarmament."

Putin's remarks came in a speech to the Russian parliament, where he also announced that Russia is "not interested in a nuclear arms race" and that it is "willing to negotiate with the United States on nuclear disarmament."

The diagram illustrates the experimental setup for studying the effect of the initial concentration of the polymer solution on the morphology of the polymer film. It shows a cross-section of a polymer film on a substrate. The film is divided into two main regions: a top region labeled 'Polymer solution' and a bottom region labeled 'Substrate'. The top region is further divided into two sub-regions: 'Polymer solution' and 'Polymer solution'. The bottom region is labeled 'Substrate'. The diagram illustrates the process of polymerization and the resulting morphology of the polymer film.

 Boston's Red Sox are the only team in the American League to have a winning record in the playoffs. The team's success is due to a combination of factors, including a strong pitching staff and a powerful batting lineup. The team's manager, Terry Francona, has been instrumental in the team's success, leading them to a World Series championship in 2004.

## IMF bullish on investment flows to RP

Figure 1 is a 3D surface plot showing the variation of the maximum value of the normalized stress intensity factor,  $K_I$ , as a function of the normalized crack length,  $a/b$ , and the normalized thickness,  $h/b$ . The vertical axis represents  $K_I$ , ranging from 0 to 1.0. The horizontal axis represents  $a/b$ , ranging from 0 to 1.0. The depth axis represents  $h/b$ , ranging from 0 to 1.0. The surface shows that  $K_I$  increases as  $a/b$  increases and decreases as  $h/b$  increases. The maximum value of  $K_I$  is approximately 0.8 at  $a/b = 1.0$  and  $h/b = 0.0$ .

**rich oil gas**  
**prospects**  
 UNCTAD expects a significant increase in foreign direct investment (FDI) in the Philippines over the next five years. The organization's data suggests that the country's rich oil and gas prospects will attract a large amount of FDI. UNCTAD predicts that FDI inflows will reach a record level by 1998.

UNCTAD's latest report on the Philippines shows that the country's FDI inflows have been growing steadily over the past few years. The report attributes this growth to the country's stable political environment and its rich natural resources. UNCTAD predicts that FDI inflows will continue to grow at a rapid pace over the next five years.

## RP urged to step up effort to lure investments

The Philippines is urged to step up its efforts to attract foreign direct investment (FDI). The International Chamber of Commerce (ICC) has issued a report that calls for the government to improve its investment promotion efforts. The report suggests that the government should create a more favorable business environment and provide better incentives for investors. The ICC also suggests that the government should improve its infrastructure and provide better services to investors.

Figure 1 consists of four scatter plots arranged in a 2x2 grid. The top row shows the relationship between the number of children and the number of children who are not in the household. The bottom row shows the relationship between the number of children and the number of children who are in the household. The left column shows the relationship for the number of children who are not in the household, and the right column shows the relationship for the number of children who are in the household. The plots show a positive relationship between the number of children and the number of children who are not in the household, and a negative relationship between the number of children and the number of children who are in the household.

Super-sleek Bluetooth chargers are great tools to throw in for giving the latest music artists a boost. You can win now too!

By Dan Snierson  
Photo by Jeffery M. Hayes

It's a little-known fact that the iPod is not just a portable music player, but a powerful tool for artists. The iPod's built-in microphone and camera can be used to create a variety of content, from music videos to live performances. And the iPod's ability to connect to a variety of devices, including smartphones and tablets, makes it a versatile tool for artists on the go.

With all these features, it's no wonder that the iPod is a popular choice among artists. In fact, many artists have used the iPod to create some of their most successful work. So if you're an artist, you should definitely consider getting a Bluetooth charger for your iPod. It's a great way to keep your iPod charged and ready to go, and it's also a great way to promote your music.

## A hairy crab indulgence at Tin Hau

The hairy crab season is in full swing, and the Tin Hau Festival is the perfect time to indulge in this delicious delicacy. The festival, which takes place on the Tin Hau Temple grounds, is a time when the community comes together to celebrate the goddess Tin Hau. One of the highlights of the festival is the hairy crab feast, which is a must-try for anyone visiting Tin Hau. The crabs are cooked in a variety of ways, including steamed, boiled, and fried. They are served with a variety of side dishes, including rice, vegetables, and seafood. The feast is a true indulgence, and it's a great way to celebrate the festival.

## Book-based set is far from fantastic

**By Andrew Davis**

The book-based set is far from fantastic. The set is a simple, minimalist design that is reminiscent of a bookshelf. The set is made of wood and is painted a light color. The set is simple and elegant, and it is a perfect fit for the book-based theme of the production.

# SATURDAY Special

**Nothing can stop you from talking.**

When you're on the phone, you can't just talk to your mom, your sister or your friend. You have to talk to the person on the other end of the line. And that's the beauty of it. You can talk to anyone, anytime, anywhere. It's the only way to stay connected in a world that's always changing.

## 'Kid Nation' imparts valuable lessons to young and adult viewers alike

**By Peter D. Hart**

It's hard to believe that a show about a group of kids who are thrown into a simulated society can be so educational. But 'Kid Nation' is a show that does just that. It's a show that shows kids how to live in a society, how to work together, how to solve problems, and how to deal with the challenges of life. It's a show that is both entertaining and educational, and it's a show that is worth watching.

**Edventures**

The show is a reality series that follows a group of kids who are thrown into a simulated society. The kids are given no instructions and are left to figure out how to live on their own. They are given a few basic rules, but otherwise, they are left to their own devices. The show is a great way to see how kids think and how they solve problems. It's a show that is both entertaining and educational, and it's a show that is worth watching.
